A B O U T U S

TRESTONE was established in 2014 to perform and handover turnkey projects all around the world.

Trestone is now one of the leading companies in the market that provides all requirements of a natural stone project.

We are specialized and addressed in the design, supply and installation of natural stones both for interior and exterior claddings of specific hotels, business centres, luxury villas and restaurants.

Trestone maintains the customer satisfactory with its several experienced architects and engineers project management, involved at the early stage of the operations. The technical expertise reduces the costs of the projects.

Trestone aimed to be the “Star” of the industry and invites you into the world of natural stone.
